

WOMAN'S RIGHTS.

The Dignity and Sacredness of Motherhood.

Think of the greatest man who has ever lived upon this earth, and then think of him as he lay, an infant, in his mother's arms. Does it seem possible that he should have grown, become great in the world's estimate and perhaps had monuments erected to perpetuate his memory, and yet that the world should have forgotten even the name of the woman who bore him? The son's work is the mother's primarily and, therefore, the recognition of the dignity and tender sacredness of motherhood should no longer be delayed. It is high time that this country's greatest treasures—THE WOMEN WHO HAVE CONTRIBUTED LARGELY TO MAKE IT WHAT IT IS—should be recognized.

Why should not these good mothers be given the right to vote and have a voice in our government—a right that is accorded to some of the most ignorant, most insignificant and vilest of men?

It has been well said that "for every monument to a great man there should be a monument to his mother and the mother's monument should be built first."

But it is not so much the purpose of this brief article to advocate the just rights and privileges due to the women of this country, although it has afforded the writer great pleasure to pen the foregoing brief tribute to their worth and just deserts, as it is to call attention to the fact that when broken down in health and strength by over-work, the too frequent bearing of children, the never ending toil, worry and care of the household, or by whatever may overtax the strength and delicacy of her sensitive system, there is one, tried and proven, safe remedy upon which she may rely to regain health, strength and the power to fully enjoy life.

That remedy is Dr. Pierce's Favorite Prescription—a remedy made wholly from the roots of native forest plants which have been proven to be most efficacious, reliable and safe in the cure of woman's peculiar weaknesses, periodical pains, irregularities, wasting and weakening catarrhal, pelvic drains and kindred ailments. It is a remedy, the makers of which print its formula on every bottle-wrapper and attest its completeness and correctness under oath; a remedy devised and adapted to woman's delicate constitution by an educated physician—an experienced specialist in woman's diseases; a remedy, every ingredient of which has received the written endorsement of the most eminent medical writers of all the several schools of practice for the cure of woman's peculiar diseases; a remedy which has more bona-fide cures to its credit than any other sold by druggists for woman's special requirements and is the only one which contains no alcohol in its make up.

Delicate, weak, nervous women should especially shun the use of alcoholic medicines which, from their stimulating and exhilarating effects may seem, for a time, to do good, but which, from the inevitable effects of the alcohol in shrinking up the red corpuscles of the blood, are sure to do great and lasting harm in the long run. Besides they beget a craving for stimulants which is most deplorable. "Favorite Prescription" is the one remedy for woman's ills which contains no alcohol.

Only invigorating and nerve strengthening effects can follow the use of this famous medicine for women. It can not possibly do harm in any state or condition of the system.

If a woman has bearing down, or dragging pains, low down in the abdomen, or pelvis, backache, frequent

headaches, dizzy or fainting spells, is nervous and easily startled, has gnawing feeling in stomach, sees imaginary floating specks, or spots before her eyes, has melancholia, or "blues," or a weakening disagreeable, catarrhal drain from pelvic organs, she can make no mistake by resorting to the use of Dr. Pierce's Favorite Prescription. It will invigorate and tone up the whole system and especially the pelvic organs.

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. Being made of native American medicinal roots, and without alcohol, it is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic, "Favorite Prescription" imparts lasting strength to the whole system and to the organs distinctly feminine in particular. For over-worked, "worn-out," run-down, debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nerve, "Favorite Prescription" is unequalled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womanly organs. It induces refreshing sleep and relieves mental anxiety and despondency.

No woman suffering from any of the above symptoms can afford to accept any secret nostrum or medicine of unknown composition, as a substitute for a medicine like Dr. Pierce's Favorite Prescription, which is of known composition and has a record of over forty years of cures and sells more largely to-day than ever before. Its makers withhold no secrets from their patients, believing open publicity to be the very best guaranty of merit.

Dr. Pierce invites all suffering women to consult him by letter free of charge. All letters of consultation are held as strictly private and sacredly confidential and all answers are returned in plain, sealed envelopes. Address: Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

As to the money outlook, Mr. Harriman said that the present tension is bound to react on industrial co-operation.

"Do you expect to go to Washington to see the president again soon?" he was asked.

"The president knows where I am," he replied. "If he wants to see me I am ready."

American Woman Suicides in Paris.

Paris, March 8.—Mrs. Nathalie Dole Latham, who was a Miss Lockwood, committed suicide here by shooting. Mrs. Latham was an American and was known here and in New York as a portrait painter.

Restrictive Legislation, Mr. Harri-

man Favors Reform.

Would Work for Co-Operation Between Government and Railways.

New York, March 8.—"I am ready to make the advancement of a scheme of co-operation between the government and the railways my chief interest," said E. H. Harriman, president of the Union Pacific railroad, on returning from Washington.

"We men at the head of great corporations are coming to a better understanding of what the government expects of us," he continued. "We are getting the point of view of the administration. I am of the opinion that the administration is beginning to realize that it has been a little too radical in its attitude toward the railroads and I look to see its opposition take on more of the spirit of co-operation."

Mr. Harriman declined to talk about the report that he had obtained control of the Reading railroad.

Mr. Harriman said that the railroads had frequently been at fault in the past by their failure to live up to traffic agreements. In this way there had come a lack of confidence among railroad men, and the public naturally grew to lose confidence in the acts of the railroad men.

DISTRICT ATTORNEY JEROME IS

PUZZLED BY THE SUDDEN

CHANGE OF PLAN.

New York, March 8.—There was another quick turn of the cards in the trial of Harry K. Thaw late in the day when the defense announced that it had concluded to rest its case.

It was nearly 6 o'clock when Delphin M. Delmas, chief of the Thaw counsel, called District Attorney Jerome on the telephone and made the announcement.

The district attorney was perhaps the most surprised man in New York, for it had been understood that when Justice Fitzgerald resumed the bench the Thaw attorneys would call one or two alienists.

Court will assemble as planned but what will be done is a question much discussed. Mr. Delmas will make the simple announcement: "The defense rests."

It will then be the duty of the district attorney to take up the rebuttal, but it was generally rumored that after a brief session adjournment will be asked and granted until Monday.

Mr. Jerome may mature his plans. A sudden decision of the defense came after a conference of Thaw's law. In Mr. Delmas' office late in the afternoon.

It is understood that Lawyers Daniel O'Reilly and Gleason were with Mr. Delmas during the discussion as to the best course to pursue. When an agreement was reached Mr. Delmas immediately notified the district attorney.

Henry Clay McPike, associated with Mr. Delmas, later called at Mr. Jerome's office and, it is believed, handed the district attorney a letter. He refused to discuss the situation.

Framing a Hypothetical Question.

It is known that Mr. Delmas is busily at work on a hypothetical question which will be propounded to the experts for the state. Mr. Jerome's next move is awaited with interest. There are numerous witnesses that could be called in rebuttal, including alienists for the state, who have been in court every day since the trial opened studying Thaw. Howard Nesbit, a brother of Mrs. Harry K. Thaw, May McKenzie and others have been on call daily, and may be summoned. The general supposition is, however, that adjournment will be taken.

It is understood that the defense will attempt to conclude its cross examination speedily, dealing very briefly with the alienists. How long Mr. Jerome will take on rebuttal is another question of importance. The case may close with this rebuttal, although the defense has a chance for sur-rebuttal.

On good authority it was said that Delmas would sum up for Thaw. This, too, has been a question under discussion.

It was an evening of activity in the district attorney's office. Assistant District Attorney Nott was called in for the first time since the opening of the trial, and with his chief and Assistant District Attorney Garvan examined witnesses and went over the law authorities until a late hour.

The close of the defense was with the testimony of Mrs. William Thaw, mother of the defendant, and it was said that at the conference it was decided that no better climax could have been reached by the defense.

Several of Thaw's attorneys visited him in the Tombs and he was notified of their decision and concurred.

Mrs. Harry Thaw visited her husband early in the day and remained a long time. She seemed bright and cheerful. Mrs. William Thaw and her daughters, the Countess of Yarmouth, and Mrs. Carnegie also visited Thaw during the afternoon.

WILL LET CASE GO TO JURY.

Jerome Not Likely to Apply for Lunacy Commission.

New York, March 8.—The decision of Harry K. Thaw's lawyers to close their case without calling any more witnesses surprised so one more than it did District Attorney Jerome. The district attorney, expecting that the coming session would be devoted to the examination of more experts, devoted a good part of the day to preparing for them. When, late in the afternoon, he received word that the defense had decided to rest their case he was more or less puzzled.

"I will not be able to tell what action I will take," he said, "until I hear in open court the words which assure me that the case of the defense

has been finished. I am told now the plan is to close their case as it stands, but their plans have been changed so many times since the trial began that I will not be sure of anything until I hear the statement in open court."

"In case the defense does rest, how long will the case last?" he was asked.

"It seems to me that the evidence should all be in by Wednesday," he replied. "Then by giving the defense one day for the closing address and allowing me the same amount of time, the case should go to the jury some time on Friday of next week."

"Will you go to the jury with the case or will you ask for a commission in lunacy?"

"On the evidence as it now stands I will certainly go to the jury," replied the district attorney. "If there is nothing between society and anyone who wishes to attack it but a 'brain storm' we had better go back to the days of the frontier and every man take out a pistol permit."

BROTHERS ARE ACQUITTED.

James and Philip Strother Declared Not Guilty of Murder.

Culpeper, Va., March 8.—James and Philip Strother, who have been on trial here for the past two weeks charged with the murder of their brother-in-law, William B. Bywaters, have been pronounced guilty by the jury. The twelve, who tried the case spent an hour and thirty-two minutes in reaching their verdict.

The announcement of the verdict of not guilty was the signal for an outburst of approval, which Judge Harrison quickly silenced. James Strother reached for the hand of Mr. Moore, one of his counsel, and Philip was quickly surrounded by the friends who have stood by the brothers since the opening of the trial. Mrs. James Strother, overcome by emotion, fell forward into her husband's arms, sobbing and exclaiming her thanks.

When the effects of the critical moment passed Judge Harrison addressed the jury as follows:

"Gentlemen of the jury, I thank you for a verdict which I think will be approved by the public. It is an established precedent in the state of Virginia that no man tried for defending the sanctity of his home should be found guilty."

JURY IS DISCHARGED

UNABLE TO AGREE UPON A VER-

DICT IN THE CASE OF

STEVE ADAMS.

Wallace, Ida., March 8.—The jury

in the trial of Steve Adams for the murder of Fred Tyler, after being in deliberation since 11 o'clock Wednesday forenoon, at 7:10 o'clock p. m. through Foreman George Eilers announced that it was impossible to agree upon a verdict, and was discharged by Judge Woods.

The jury for many hours stood at seven for conviction and five for acquittal and it was only on the last ballot that the jury members stood evenly divided, six for conviction and six for acquittal.

Judge Woods thanked the jury for its patience and diligence in service, after the foreman declared positively that it was impossible to reach a verdict, and declared them discharged.

The prosecution declares that Adams will be tried again for the murder of Tyler, but not sooner than the next term of court, which begins in October.

Attorneys for the defense openly state their belief that Adams will never be tried again on the Tyler charge. They point to the expense to the county of Shoshone, estimated to reach \$25,000 for this trial alone, and say that the prosecution will, in their opinion, ultimately announce that the case is dropped.

CONSTERNATION IN HONOLULU.

Caused by Attorney General's Immi-

gration Decision.

Honolulu, March 8.—The opinion of Attorney General Bonaparte to the effect that assisted immigration is illegal has caused the greatest consternation here. It is feared that it will cause the loss of hundreds of thousands of dollars involved in the charters of the steamers Heliopolis and Kumoré, besides defeating the effort to introduce European immigration into Hawaii. A special meeting of the territorial board of immigration will be called to consider the subject and will cable its views to President Roosevelt.

Score of Persons Injured.

Topeka, Kan., March 8.—Chicago, Rock Island and Pacific passenger train No. 28 from Denver to Chicago ran through an open switch just west of the Topeka yards and five cars and the locomotive were derailed. About twenty passengers and employes were bruised.

A great bargain

Tomorrow morning we place the travelers silk samples, that have been displayed this week in our window in the Bargain Basement and then you can fairly revel in bargains. There are hundreds of samples of fancy waist and black silks, 1 to 2 yards long and 19 in., 22 in., 27 in. and 36 inches wide. These are of qualities selling up to \$1.50 the yard and will make the finest kind of pieces for work bags, opera bags, trimmings, quilt pieces, etc. It will well pay you to make a selection of these even if you do not expect to use them for months.

We have tried to secure this lot of samples for six months and just recently succeeded. It is not probable that we shall have another soon so come for your choice of as many as you want for each..... 9c

ALLEGED ROBBERS CAPTURED.

Men Who Looted Iowa Bank Found in a Hayloft.

Waterloo, Ia., March 8.—A telephone message says that two men suspected of complicity in the robbery of the Farmers' Savings bank of Masonville, Ia., early Thursday were captured near Starbird farm, north of Manchester. Deputy Sheriff Pentoy found the men concealed under four feet of hay in a hayloft. A money bag and envelopes addressed to the Farmers' bank were found upon the men but little of the \$4,200 booty was recovered from them. The prisoners are about thirty-five and sixty years old. The younger claims Waterloo as his place of residence but both refuse to reveal their identity. The prisoners were taken to the Manchester jail.

REIMBURSES NEW YORK LIFE.

Perkins Pays Back Money Donated to Campaign Fund.

New York, March 8.—George W. Perkins, former first vice president of the New York Life Insurance company and now a member of the firm of J. P. Morgan & Co., has sent to the New York Life his personal check for \$54,019.19 to reimburse the company for the Republican campaign contribution made from its funds in 1904, in connection with which Mr. Perkins recently was made defendant on a charge of larceny.

Announcement of the restitution of the principal of \$48,500 and interest to date was made by President Alexander E. Orr of the New York Life, to whom Mr. Perkins, before leaving on a trip to the South, addressed a letter enclosing the check.

Judge McClenahan so Decides in Case of Peterson et al, vs Wait, et al

RESTRAINING ORDER VACATED

Restrictions are Placed About the Dam and Methods of Handling Same

Judge McClenahan has rendered a decision in the case of John Peterson, Patrick Lynch and A. B. Henderson, plaintiffs, against Epaphroditus Waite, Parker Waite, Laura Waite and James M. Quinn, defendants. This was an action brought by Judge Fleming in behalf of the plaintiffs to restrain the defendants who propose to erect, maintain and operate a dam at the outlet of Gull lake for the purpose of regulating the water to permit the rafting of logs down the Gull river. Attorney A. D. Polk appeared for the defendants. The order of the court dissolves the restraining order and in lieu thereof designates that the defendants may erect and maintain the dam but may not raise the water of the lake more than two feet above the usual level of the water. The sluiceway must not exceed twelve feet in width and there must be a fishway not less than 42 inches in width, which latter shall be kept open at all times for the free passage of water through the same. The defendants are restrained from so operating the dam as to cause the river below the dam to overflow the banks, or to open same without first giving plaintiffs two days' notice thereof in writing. The dam must not be removed without giving similar written notice.

BRICKWORK ABOUT COMPLETE

Work of Extending the Stalls of Part of the Round House is Progressing Better of Late

The work of extending several of the stalls of the round house so as to accommodate the largest engines on the system is again progressing. The work was commenced last October and had the company been able to get material promptly would have been completed in November. The brick work is now nearly completed and the roof joists are in place. It has heretofore been necessary either to uncouple the tender and leave it outside the house or leave the doors open when the engine was in the stall. The work of putting in the foundation for the electric transfer table which is to be put in between the machine and boiler shops to replace the present steam table, has been completed. It is not known when work will commence on changing the table as some of the material is not yet here.

Notice to Our Customers

Thursday night was a red letter day
—to use an expression that savors of the
Emerald Isle—in the history of Brainerd
Lodge No. 615, B. P. O. E. A class
of twenty-four fawns were dressed and
served to the delight of the large number
of Elks presents. After the fawns were
suitably and completely provided with
antlers by the Brainerd lodge assisted
by visiting brethren there was a very
enjoyable feast served to the assembled
company. The festivities lasted well after
midnight and the brethren went home
tired but happy. The following Elk from
abroad were among the guests:

Dr. H. K. Bryant and J. W. Jordon,
W. T. Orcutt, A. C. Shattuck, S. F. Fullerton,
St. Paul; Bro. Thursdale, St. Cloud;

THE DISPATCH was to have had one of
Col. C. D. Johnson's inimitable writeups
of the occasion but today Charley heartily
agrees with the Sultan of Sulu in his famous
saying, "It is no time for mirth and laughter
in the cold gray dawn of the morning after."

GETS YOUR LAMPS READY

Unless Machinery Arrives Tonight the
Entire Residence Portion will be in
Darkness Saturday Night

Supt. Baker, of the electric light department,
informs THE DISPATCH that unless the machinery
arrives this evening and can be put in place tonight
and tomorrow it will be necessary to shut off
all the residences tomorrow night in order to
be able to handle the lights in the business
section. Last Saturday night the lights were
of no benefit to anyone the plant was so badly
overloaded. It is urged that all householders
prepare themselves for the use of lamps if
necessary. The light now on will be switched
on again Sunday night.

MORE IRON LAND SALES

Several Good Deals are Reported From
Aitkin County by the
Newspapers

Aitkin is now the scene of the latest
good iron finds and J. G. Jacobson who
lives on Rice River, northeast of town,
where drilling has been going on for several
months, has just closed some profitable
transactions.

One forty has been drilled by Cuyler
Adams and in the eight holes put down
the iron tests have ranged from 48 to 58
per cent good iron ore. The explorations
were made by Mr. Adams on a sharing
basis and Mr. Jacobson has been offered
\$8,000 for his interest in the property,
his share not being stated.

A local syndicate composed of J. J.
McDonald, C. H. Warner and J. B. Galarneau
have bought 160 acres from Mr. Jacobson
for which it is stated they are to pay
\$20,000 and give him a one-tenth interest
in the mineral. These men have been
watching the mineral development of this
locality with care and it is safe to say that
they have sufficient evidence to warrant such
an investment.—Aitkin Age.

Given up to Die

B. Spiegel, 1204 N. Virginia St., Evansville,
Ind., writes: "For over five years I was
troubled with kidney and bladder affections
which caused me much pain and worry. I
lost flesh and was all run down, and a year
ago had to abandon work entirely. I had three
of the best physicians who did me no good and
I was practically given up to die. Foley's
Kidney Cure was recommended and the first
bottle gave me great relief, and after taking
the second bottle I was entirely cured." Why
not let it help you? H. P. Dunn & Co. mwdfw

TROUT FRY PLANTED

Twenty Cans of Fine Trout Fry Placed
in Whiteley Creek by Deputy Game
Warden Yesterday

Twenty cans of fine brook trout fry were
brought up from the Glenwood hatchery
yesterday by Mr. Fullerton and were
successfully transferred to the waters of
Whiteley creek by Deputy Game Warden
Saunders yesterday afternoon. This stream
was partially stocked a number of years ago
and for the last two seasons there has been
some fine catches in that brook. With this
last planting it is thought it will be one of
the finest trout streams in this part of the
state.

This Is Worth Remembering

The readers of this paper will be pleased to
learn that there is at least one dreaded disease
that science has been able to cure in all its stages,
and that is Catarrh. Hall's Catarrh Cure is the
only positive cure now known to the medical
fraternity. Catarrh being a constitutional disease,
requires a constitutional treatment. Hall's
Catarrh Cure is taken internally, acting directly
upon the blood and mucous surfaces of the system,
thereby destroying the foundation of the disease,
and giving the patient strength by building up
the constitution and assisting nature in doing
its work. The proprietors have so much faith in
its curative powers that they offer One Hundred
Dollars for any case that it fails to cure. Send

in Crow Wing County on
June 15th

ON FORTY YEARS TIME

Provisions Require Actual Oc-
cupancy or Improvement
Within Five Years

There will be another sale of state
lands situated in Crow Wing county on
Saturday, June 15, 1907. There will be
21,000 acres put on sale at that time and
the sale will be held at the court house
in this city. There will also be a sale at
Aitkin, June 14 and at Bagley, Clearwater
county on June 16th. The following are the

TERMS OF SALE

No sale can be made for less than the
appraised price, which cannot be less
than \$5.00 per acre. Fifteen per cent
of the purchase price, and interest on
the unpaid balance until June 1st, 1908,
at the rate of 4 per cent per annum,
must be paid in advance. In addition
thereto the value of the merchantable
timber, if any, must be paid at the time
of sale. The balance of the principal
can run for forty years at 4 per cent
annual interest. If the balance of the purchase
price is paid within ten years the
annual interest will be 5 per cent. Within
five years of the date of sale the purchaser
or his assigns must perform at least
one of the following requirements:

- 1—Fence at least 25 per cent of said
tract for pasture and convert such portion
into pasture land, or
- 2—Cultivate at least 5 per cent of said
tract, or
- 3—Build a house and actually reside
on said tract for a period of twelve
months.

Not more than 320 acres can be sold
or contracted to be sold to any one purchaser.
No land can be sold at private sale.
The state reserves the mineral on all lands.

Items of Interest Regarding Railroads
and Railroad Employees

Bemidji Pioneer.—The Minnesota &
International Railway company has decided
to extend their telegraph service and a
number 2 wire will be strung from here
to Big Falls. The company now has two
good lines to Bemidji and this will give
them additional service to the Canadian
boudry. W. A. Ferris, lineman for the
company, says the work will commence
about the 30th of this month and he
expects to have a sufficient force of men
to be enabled to complete the work in
thirty days.

EFFECT OF THE FOOD LAW.

Driving Many Worthless Catarrh Medicines
Out of Existence.

The Pure Food and Drug Law, which
went into effect the first of January,
has already shown the good that will
follow its enforcement.

Many worthless remedies, that have
been advertised for the cure of catarrh,
a disease that is universally prevalent,
have been driven out of existence by the
Pure Food Law.

The effect of this is to increase the
sale of remedies that are valuable and
fulfill the provisions of the law. Hyomei,
for example, is meeting with a larger
sale than ever before, and H. P. Dunn &
Co. are still selling it under a guarantee
that it will cure catarrh or the money
will be refunded. Hyomei is a scientific
treatment that is recommended by the
best physicians. It cures catarrh without
stomach dosing, through inhaling medi-
cations that go right to the affected spots.

By breathing Hyomei three or four
times daily through the neat pocket in-
haler that comes with every outfit, its
medicated, healing air penetrates to the
most remote parts of the nose, throat
and lungs, searches out and kills all
catarrhal germs, and soothes and heals
any irritation in the mucous membrane.

The complete Hyomei outfit costs
\$1.00, extra bottles if needed, 50c, and
is sold by H. P. Dunn & Co. under the
guarantee that it will cure or cost nothing.

STATE HIGHWAY FUNDS

A Total of \$54,800 is Distributed Among
Counties—Those Given Preference
Have Designated Highways

The state highway commission has
effected the distribution of the state
highway fund. The attorney general has
decided that no appropriation can be
made by the commission except for
expenditure on state highways designated
as such by county boards. Counties
which have not complied with the law
providing for designation of state
roads in the apportionment received
only the minimum, and this is held in
trust for them until they shall designate
a state highway. The number of counties
failing to designate state highways is
thirty-five, which have received the
minimum of \$300 each. The other
counties received amounts varying from
\$600 to the maximum of \$1,600. In
making the distribution the areas of
each county and the expense of road
construction incident to development
of new territory is given full weight.
Crow Wing county's share is \$800; Aitkin,
\$1,500; Morrison \$1,200; Cass, \$300.

No Case on Record

"I have had catarrh, for seven years, and
have tried almost every advertised remedy
without receiving any benefit. One bottle
Cooper's New Discovery has effected a com-
plete cure. I have gained in weight and feel
stronger than I have for years. My head is
clear, my appetite good, my food digests
perfectly, and my whole system has been
greatly benefited by your wonderful remedy.
I am deeply grateful for the remarkable cure
the medicine has effected in my case."
Signed: T. H. MCGINNIS.

From All Over the United States Startling Ac-
counts are Received of the Unprecedented Re-
sults Obtained With L. T. Cooper's Remedies.

The wonderful new medicines, Cooper's New Discovery
and Cooper's Quick Relief, with which L. T. Cooper has
had such marvelous success in the treatment of stomach
trouble, kidney trouble, catarrh, deafness, rheumatism and
other diseases in every large city and about which every one
has read numerous accounts in the newspapers, have become
in great demand and have had a tremendous sale; this de-
mand for these famous remedies is increasing. From this
very city the sale and results obtained from Cooper's New
Discovery and Cooper's Quick Relief has been marvelous.

DREAD CATARRH.

If you are troubled with a foul smelling breath, inflamma-
tion and soreness of nasal cavities and air passages and
the dropping of a nasty mucus from head to the throat,
if there is a dull heavy frontal headache and ringing sounds
in your head and you find yourself gradually growing
deaf, beware of catarrh.

Cooper's New Discovery should be taken internally to ex-
pel the catarrhal virus from the system and heal the mu-
cous membranes of the nasal cavities and air passages. It
heals the tissues of the throat and bronchial tubes, and
frees the entire system of all catarrhal poison.

Cooper's Quick Relief should be used in connection with
Cooper's New Discovery for catarrhal headaches and in all
cases of catarrhal deafness to open the eustachian tubes and
restore the nerves of the ear to their normal condition.

Cooper's New Discovery sells for \$1.00 per bottle; six for
\$5.00. Cooper's Quick Relief costs 50 cents per bottle. You

BONILLA VICTORIOUS

PRESIDENT OF HONDURAS LEADS HIS TROOPS TO VICTORY AT NAMSQUO.

NICARAGUANS LOSE HEAVILY

DEFEAT PROVES DISPIRITING AND THEY ARE DISBANDING BY THE HUNDREDS.

San Salvador, Republic of Salvador, March 8.—The representative here of the Associated Press has received a message from General Manuel Bonilla, president of Honduras, from Choluteca, a strongly fortified town sixty-eight miles south of Tegucigalpa, as follows:

"One of the Honduran scouting parties attacked the enemy Wednesday at Namsiquo, in Honduras, close to the Nicaraguan frontier and not far from the Pacific ocean. The enemy was in considerable strength. The Honduran troops occupied three advance positions and compelled the enemy to abandon the town. The enemy was then repulsed from the heights, suffering heavy losses and proving an easy target for our artillery.

"The enemy is now disbanding by the hundreds. We succeeded in capturing a number of rifles and a quantity of ammunition. The battle lasted five hours.

"The Honduran army is most enthusiastic and all men are eager for the order to advance."

The national assembly has decreed the republic of Salvador to be in a state of siege.

President Zelaya of Nicaragua has issued a violently worded proclamation against Honduras, Guatemala and Salvador.

Previous reports that the Honduran troops are triumphing over the Nicaraguans have been confirmed.

Managua, Nicaragua, March 8.—It is reported here that General Manuel Bonilla, the president of Honduras, personally led his forces in the attack on the Nicaraguan position at Namsiquo, in Honduras. The Nicaraguan forces were routed and many Nicaraguans were either killed or made prisoners.

Nicaraguan forces captured the Honduran position at Tuguare after a hard fight. In this engagement many Honduran prisoners were taken.

RIOTING AT WATERLOO.

Nonunion Street Car Men Injured by Flying Missiles.

Waterloo, Ia., March 8.—An outbreak of street car strikers occurred at night in the shon district. Beer kegs, planks and ties were placed on the tracks, stones were thrown and windows of cars broken.

A number of nonunion employees of the company were struck by flying missiles and injured. Trainmaster Eckland of the Waterloo, Cedar Falls and Northern street railway was attacked by strikers and beaten.

Nervous Prostration.

The symptoms of nervous prostration well illustrate the fact that there is not a single organ in the human body but is entirely and absolutely dependent on the nervous system for the energy and power by which its functions are performed.

You feel tired, weak and worn out, lose interest in life, have no appetite and poor digestion, disorders of liver, kidneys and bowels, you cannot sleep, your head aches and you feel discouraged and despondent.

Dr. A. W. Chase's Nerve Pills cure nervous prostration and exhaustion in the only way it is possible to really cure them—by actually forming nerve force to revitalize the wasted nerve cells.

It may require a dozen or more boxes of this medicine to bring about a thorough restoration of your health, but you can be certain that each dose is, at least, doing you some good, and the cure is bound to be natural and thorough.

Write me today and tell me about the kind of a spring suit you have on your mind, and by return mail I'll send you samples of the swellest fabrics you ever saw.

Remember, I absolutely guarantee perfect fit and satisfaction or refund your money. You take absolutely no chances in the deal. I also pay all express charges, so your clothes cost you no more than if you got them right here in Minneapolis.

Yours truly,

HARRY MITCHELL,

EDITORIAL ENDORSEMENT

"The readers of the A. O. U. W. Guide who may be afflicted with rheumatism are hereby informed that we have used this remedy, 6088, in our family for two years; that a single bottle cured rheumatism of the arm of six months' standing, and rheumatism of the feet of a year's standing, after experimenting with several relief prescriptions and receiving no relief."

TURN FOR THE WORSE

ARCHIE ROOSEVELT, THE PRESIDENT'S THIRD SON, IN CRITICAL CONDITION.

Washington, March 8.—Archie Roosevelt, the president's third son, who has been suffering from diphtheria since last Friday, had a turn for the worse Thursday and though he has rallied somewhat, his condition is serious. Dr. Alexander Lambert of New York in response to a telegram from President Roosevelt arrived in Washington at 9 o'clock p. m. and has taken charge of the case. Doctors Rixey, Kennedy and Braisted were holding a consultation when Dr. Lambert arrived at the White House. Just previous to his coming further antitoxin was injected into the patient. The president, Mrs. Roosevelt and Miss Ethel have been at Archie's bedside for several hours.

Drs. Braisted and Pryor left the White House at 9:35. They stated that if Archie's vitality holds out through the night there is an even chance for his recovery. At 10:29 Dr. Rixey issued the following bulletin:

"Archie has materially improved since noon, when considerable anxiety was felt on account of the weak heart

action. At 10:20 the case is more favorable with normal temperature and heart acting well."

First Change for the Worse.

The first change for the worse was noted late Wednesday night and three physicians spent the night at the White House and were joined early Thursday morning by Dr. Rixey. After a consultation the president decided to summon Dr. Lambert, who had returned to New York on Sunday night. The change in Archie's condition was reported at 2:30 in the afternoon, when Secretary Loeb gave out this bulletin:

"Archie has had a severe attack of diphtheria. He has done well until today, when there was a short spell of depression, with weak heart action. This, however, has quickly responded to stimulation. The case is again doing well and is considered favorable."

At 11 o'clock p. m. it was announced that Doctors Lambert and Kennedy would spend the night at Archie's bedside.

At 1:30 a. m. word from Dr. Lambert from the sick boy's bedside was that he was still in a serious condition. There has been no change.

Archie Roosevelt went to sleep at 2 a. m. and the president and Mrs. Roosevelt retired. Dr. Lambert will remain with the patient throughout the night.
